Working Title:

The Health of Public School Restrooms

Abstract:

Go for a medical check up. Staff takes your vitals- BP, temp, pulse. Visit a Georgia public school restroom and check your vitals- tissue, soap, towels. Too often restrooms are unhealthy. 40% of middle and high school students avoid restrooms.

Learn how Project CLEAN has helped make Georgia school restrooms hygienic, clean, and safe. Hear the status and plans for the Georgia School Restrooms Standards Act (HB 336).
